Grand i10 Cargo

LUXURY COMES IN GRAND PACKAGES

The economical Grand i10 Cargo offers an exceptional use of space. Its interior noise has been reduced with a redesigned engine mount system, a quieter fuel pump and improved body rigidity, while advanced technology like intuitive steering wheel audio and Bluetooth controls, an infotainment system* with Bluetooth integration, and handy USB ports ensure a driving experience that brings thrill and luxury together seamlessly.

*Fluid model only.

SPACE TO GROW YOUR BUSINESS

The Hyundai Grand i10 Cargo makes you rethink everything you thought you knew about compact hatches. It gives you a 1202 litre load capacity (VDA), offering up 1.2 cubic metres of cargo room. This zippy, dynamic and compact cargo vehicle also features a luggage net with hooks to secure your cargo to the floor area.

PROTECT YOUR PRECIOUS CARGO

With security barriers on all the rear and back windows, whatever you're carrying will be protected. The Hyundai Grand i10 Cargo also comes with a cargo barrier between the cargo area and the 2 front seats, helping ensure the cargo stays in place, no matter the braking conditions.

H-1 Panel Van

CRUISE CONTROL

When you're travelling long distances, you don't want to be watching your speedometer every moment of your trip. The cruise control of the H-1 guarantees you will stay at the speed you want, giving you one less thing to think about when you're behind the wheel. It's all part of giving you a smooth ride second to none.

WORLD-CLASS PERFORMANCE

The 2.5 litre CRDi Diesel Engine boasts multi-point fuel injection and 16-valve technology. Its maximum output registers 125 kW/3 600 and 441Nm/2 000~2 250 torque, it offers more power, lower harmful emissions and improved fuel efficiency.

BOLD DESIGN

The H-1's tough, dynamic styling includes a semi bonneted design, character wheel arches and a low solid stance, making it perfect for every type of business and for whatever you may be carrying. Inside you'll enjoy spacious seating, power window controls and a convenient sun visor.

THE H-100. IT LOVES TO WORK

The Hyundai H-100 will redefine your expectations of a light truck. It's tough and versatile enough to match almost every challenge, no matter how large or small your undertaking. It's compact enough to cope with limited spaces, but with a payload and crew capability usually confined to much larger vehicles. The Hyundai H-100 sets a whole new standard of refinement and practicality.

A TOUGH 1.3 TON WORKHORSE

The tried and tested H-100 has operated under some of the toughest working conditions, earning its reputation as one of the most tenacious light commercial vehicles available today. The 1.3 ton H-100 is well known in the model range, and is popular with business operators in need of a versatile, reliable vehicle.

QUALITY OF COMFORT

A comfortable workplace improves efficiency, so it's no surprise that the H-100 offers a new level of comfort. Extra seat and shoulder width for freedom of movement, a driver oriented console and car-like instrument cluster put comfort and control at your fingertips.

ATTENTION TO DETAIL

Additional convenience details such as the forward-folding centre front seat, sunglasses and cup holders, together with a wide range of intelligently designed storage facilities, all provide an exceptionally efficient and functional interior.

THE H-1 HEARSE

The Hyundai H-1 Hearse brings a whole new meaning to customisation. It comprises the capabilities of the H-1 Panel Van, but now with an array of features, all engineered to suit your individual needs. The Hyundai Hearse offers a new versatility and adaptability.

H-1 Hearse

CARRY WITH CARE

The Hyundai H-1 Hearse ensures that you drive with care and delicacy. The spacious cargo area offers a sliding platform, motorised or non-motorised, to allow access to coffins with sunken rollers. This guarantees that whatever you need to lift, will be done so with the utmost consideration.

DISTINCTIVE FINISH

The ability to customise your Hyundai H-1 Hearse brings the promise of grandeur. With a close attention to the choice of high-quality materials, the cargo area comes with a genuine wood trim and stainless steel bright work edging.

LUXURIOUS DETAIL

Additional generous details include interior leather trimmings available in a variety of colours. To add to comfort while driving, the front seats are covered in leather.

The H-1 AMBULANCE

The Hyundai H-1 Ambulance can be customised to fit every emergency service provider's needs. It comes standard with all the reliable capabilities of the H-1 Panel Van. The H-1 Ambulance's carefully considered design will allow you provide the best and safest service and your emergency workers can do their job with efficiency and care.

TRAVEL WITH CAUTION

We want to provide a safe journey for your patients and emergency workers. A squad bench has been fitted into the vehicle, with added storage below for easy access to equipment. To make sure your patient is seen to at all times, a single attendant seat has been placed at the front end of the patient compartment. Across both the squad bench and attendant seat, lap belts are provided for ensured safety.

DEDICATED PATIENT CARE

The Hyundai H-1 Ambulance is made to help you administer the best emergency care for your patients. Our oxygen system is of the highest quality. The oxygen bracket can fit two portable 1.8kg oxygen cylinders. The oxygen system is piped through the bracket and comes with a Heyer-type outlet, high pressure bull nose regulator and double flow meter. The vehicle also comes standard with two IV hooks.

POWERED ON THE GO

Our electrical systems are arranged in a way to keep your equipment safe and powered up. All electrical devices are wired and rated to the correct amperage. To ensure that your equipment is provided with charging facilities, a Bosch-type 12-volt charge socket is provided. A 1000-watt pure sine wave inverter connected to a 220-volt plug makes sure all your equipment is powered correctly, even while you're on the move.
